DEDICATION | COMMITMENT | PERSONAL SERVICE

For more than 100 years, Gair, Gair, Conason has fought for victims of the most serious personal injury cases in New York and New Jersey. The firm has achieved top results in cases ranging from construction and automobile accidents to medical malpractice and complex products liability claims. In 2021 we obtained the largest pain and suffering award ever affirmed in New York State history when the New York Appellate Division allowed \$29 million for pain and suffering—an award that represents an almost 50% increase from the next highest award of \$20 million, which was a recent decision from the same court. Other notable results include \$103 million for an infant who suffered a brain injury at birth, \$85 million for a New York City pedestrian hit by a bus, and \$71 million for a car accident victim who suffered spinal injuries.

Our lawyers have been named “Lawyer of the Year” by *Best Lawyers*® eight times. The firm is honored to be recognized by *The National Law Journal* as one of the country’s Top 50 law firms.
